Your pre-homework for class is to inspect your machine and all the accessories that came with it. Please breeze through the manual so that you are familiar with it's format. Thread your machine and try winding a bobbin by following the steps in your manual. Then, sew a few different stitches on some scrap fabric. This will help you start building a relationship with your machine. This class will help you and your machine become great friends!

IF YOU ARE UNABLE TO ATTEND THIS CLASS THAT YOU ARE REGISTERED FOR, PLEASE CALL US TO CANCEL SO THAT WE MAY CALL THE NEXT PERSON ON THE WAITING LIST. THANK YOU.
