

SERGER 1 OWNERS CLASS SUPPLY LIST

*Serger Workbook \$25.00 (optional, but the class outline follows from the book) This workbook can be purchased on a CD instead of in a printed binder. The CD is \$5.00. Then you may take it to a printer and have them print it for you. There are color pages, but we don't recommend paying for color printing. The file format on the CD is PDF. We also have this file available as a FREE download from our website. Go to www.cssewing.com then select the Support Page. The file you will be looking for to download is labeled as Mastering Your Serger. This is used for both the Serger 1 & 2 classes.

*Your Serger

*All the accessories that came with your serger including your manual.

*Extra sewing needles (Size 80/12)

*4 different colors of sewing or serging thread. If you have a color threading guide on the face plate of your serger, try to match those colors for your thread choices. Also, please have all 4 spools be of the same type of thread and same weight. If you are going to use sewing thread rather than serger thread, we would prefer you to use Metler thread for it's quality. Thank you.

You may bring any fabric that you have at home that you want your serger to sew on. We usually have time in class, and we will be happy to show you how to adjust your machine for that fabric.

All other fabric will be provided to you by CS Sewing.

*Scissor for snipping threads.

Pencil and paper for taking notes.

Your pre-homework for class is to inspect your machine and all the accessories that came with it. Please breeze through the manual so that you are familiar with it's format. Thread your machine and try sewing with it. This will help you start building a relationship with your machine. This class will help you and your machine become great friends!

IF YOU ARE UNABLE TO ATTEND THIS CLASS THAT YOU ARE REGISTERED FOR, PLEASE CALL US TO CANCEL SO THAT WE MAY CALL THE NEXT PERSON ON THE WAITING LIST. THANK YOU.
