BRAND FRIENDLY EMBROIDERY CLUB - MAY SUPPLY LIST

We will be making an embroidered t-shirt. You will need 2 t-shirts because you cut up one into a mosaic kind of pattern, place that on the shirt not cut up, and embroidery over both. Your embroidery design will be on the CD that you will get in class.

Thread selection can match the t-shirt if you want it to blend in with the shirt, or you can pick thread colors that are bolder than the shirt so that the stitching stands out more.

T-shirt to be embellished  
T-shirt to be cut up (can be the same shirt or can be a different color. We recommend 2 of the same shirt to keep picking out your threads simple).

Polymesh Stabilizer  
Fusible Polymesh  
Aqua Film Topping Stabilizer
